3-Day Paediatric Nephrology Workshop

19 - 21 June 2023

Vertical Extension
Latunde Odeku Library
College of Medicine
University College Hospital
Ibadan, Nigeria

7:30-8:30	Registration
8:30-9:10	Welcome and Introductions
9:15-9:55	Management of Steroid Sensitive Nephrotic Syndrome (SNSS)
	Dr. Susan Samuel
10:00-10:40	Fluid Management in the Paediatric Patient
	Dr. Julian Midgley
10:40-11:10	Tea Break
11:10-11:50	Renal Transplantation in Nigeria: Now and the Way Forward
	Dr. Felecia Eke
11:55-12:35	Overview of Kidney Transplant and Pre Transplant Preparation
	Dr. Lorraine Hamiwka
12:35-13:35	Lunch
13:35-14:15	How to Write a Successful Grant Application
	Dr. Kim Reidy
14:20-15:00	Juvenile Idiopathic Arthritis
	Dr. Marinka Twilt
15:05-15:45	Vasculitides and the Kidneys
	Dr. Andrew Wade
15:45-16:15	Tea Break
16:15-16:55	Management of Urinary Tract Infections in Children
	Dr. Rick Kaskel
17:00-17:40	Hands on Peritoneal Dialysis Catheter Insertion
	Dr. Odetola Odetunde
17:40-17:45	Wrap Up

BEATRICE GOILAV
PAEDIATRIC NEPHROLOGIST
NEW YORK, USA

Dr. Beatrice Goilav is a board certified pediatrician and pediatric nephrologist. She is the senior director of fellowship training at the Children’s Hospital at Montefiore and the fellowship director of pediatric nephrology. She is an internationally known expert in pediatric lupus nephritis and an investigator in NIH funded research assessing molecular and clinical markers of progression to end-stage kidney disease. She has >30 publications in the field. Dr. Goilav graduated from the Faculty of Medicine, University of Basel in Switzerland, where she trained in internal medicine and rheumatology. She subsequently moved to the United States and did her internship and residency in pediatrics at Jacobi Medical Center and then completed her fellowship in pediatric nephrology at Mount Sinai School of Medicine.

MALCOLM LEWIS
PAEDIATRIC NEPHROLOGIST
GLASGOW, SCOTLAND

Dr Malcolm Lewis trained in Nephrology in Manchester, UK and worked as a consultant there for 26 years. In 1996 he established the paediatric arm of the UK Renal Registry and continued to work with the registry until 2016. Dr Lewis has a major interest in practical renal replacement therapy including dialysis access, techniques and prescriptions according to circumstances and local resources. Since 2010 he has assisted in the development of renal services in Africa, supporting the Paediatric Nigerian Association of Nephrology to establish a Renal Registry and taking part in weekly teaching sessions and ward rounds at the University of Port Harcourt Teaching Hospital, where he is an honorary consultant. Dr Lewis is also an honorary Professor at Mbarara University of Science and Technology, running the postgraduate nephrology teaching course at Mbarara Regional Referral Hospital, Uganda for the past 3 years.

7:30-8:25	Registration
8:25-8:30	Welcome
8:30-9:10	Management of Steroid Resistant Nephrotic Syndrome (SRNS)
	Dr. Susan Samuel
9:15-9:55	HLA Typing, Crossmatching and Immune Monitoring
	Dr. Lorraine Hamiwka
10:00-10:40	Systemic Lupus Erythematosus (SLE)
	Dr. Marinka Twilt
10:40-11:10	Tea Break
11:10-11:50	Peritoneal Dialysis Experience from Nigerian Centres
	Dr. Adanze Asinobi
11:55-12:35	Continuous Renal Replacement Therapy and Continuous Flow Peritoneal Dialysis
	Dr. Andrew Wade
12:25-13:25	Lunch
13:35-14:15	How to Get a Scientific Paper Published
	Dr. Kim Reidy
14:20-15:00	Immunosuppressive Therapy in Kidney Transplantation
	Dr. Nicole Hayde
15:05-15:45	Lupus Nephritis
	Dr. Beatrice Goilav
15:45-16:15	Tea Break
16:15-16:55	Management of Lupus Nephritis in a Low Resource Setting
	Dr. Ifeoma Anochie
17:00-17:40	Kidney Biopsy - Hands on
	Dr. Adebowale Ademola
17:40-17:45	Wrap Up

7:30-8:25	Registration
8:25-8:30	Welcome
8:30-9:10	An Approach to Acid Base Disorders
	Dr. Julian Midgley
9:15-9:55	Kidney Transplantation and Infections
	Dr. Lorraine Hamiwka
10:00-10:40	Clinical Research Methods
	Dr. Susan Samuel
10:40-11:10	Tea Break
11:10-11:50	RPGN - Diagnosis and Management
	Dr. Andrew Wade
11:50-12:35	Vasculitides - Extra Renal Manifestations
	Dr. Marinka Twilt
12:35-13:35	Lunch
13:35-14:15	Prescribing Haemodialysis in Children
	Dr. Malcolm Lewis
14:20-15:00	Chronic Peritoneal Dialysis in Nigeria
	Dr. Hammed Oguntola
15:05-15:45	Voiding Dysfunction and Urodynamics
	Dr. Amanda North
15:45-16:15	Tea Break
16:15-16:55	Post Surgery Follow up and Complications of Transplantation
	Dr. Nicole Hayde
17:00-17:40	Point of Care Ultrasound (POCUS) Demonstration Session
	Dr. Janet Akinmoladun
17:40-17:45	Wrap Up

RICK KASKEL

**PAEDIATRIC NEPHROLOGIST
NEW YORK, USA**

Dr. Rick Kaskel, is Chief Emeritus, Nephrology at the Children’s Hospital at Montefiore, Albert Einstein College of Medicine in the Bronx, New York. He has a Ph.D. in Renal Physiology and M.D. all from the University of Cincinnati. He trained in Pediatrics and Pediatric Nephrology at Montefiore Medical Center and the Albert Einstein College of Medicine. His research includes: developmental renal physiology, mechanisms of renal toxicity and hypertension, and clinical research into glomerular diseases of children. He is a Past President of the American Society of Pediatric Nephrology and the IPNA Scientific Congress in NYC in 2010.

NICOLE HAYDE

**PAEDIATRIC NEPHROLOGIST
NEW YORK, USA**

Dr. Nicole Hayde is a board certified general pediatrician and pediatric nephrologist. She is the medical director of pediatric kidney transplantation at the Children's Hospital at Montefiore. She is an active transplant professional and serves on the board of UNOS/ OPTN, the organizations which govern the transplant system in the United States. Dr. Hayde is also a leader in the American Society of Transplantation. Dr. Hayde graduated from the University of the West Indies. She completed her residency and chief residency at the University of Miami followed by a fellowship in pediatric nephrology at the Children's Hospital at Montefiore.

MARINKA TWILT
PAEDIATRIC RHEUMATOLOGIST
CALGARY, CANADA

Dr. Marinka Twilt is a paediatric rheumatologist and an Associate Professor at the University of Calgary's Cumming School of Medicine.

More to follow

ANDREW WADE
PAEDIATRIC NEPHROLOGIST
CALGARY, CANADA

Dr. Andrew Wade is a paediatric nephrologist and an Associate Professor at the University of Calgary's Cumming School of Medicine. He is a former president of the Canadian Association of Paediatric Nephrologists and presently serves as the director of paediatric dialysis at the Alberta Children's Hospital. His primary area of research is in the evaluation of the kidney development in premature babies, neonatal AKI and determining the cause of pediatric cardio-renal syndrome.

This workshop is a teaching course of the International Paediatric Nephrology (IPNA) and is the fourth CME workshop of the ISN Sister Renal Centre Partnership between the Divisions of Paediatric Nephrology at the University of Ibadan and the University of Calgary

It is the first joint session with the ISN Sister Renal Centre Partnership between the Divisions of Paediatric Nephrology at the University of Port Harcourt and the Albert Einstein College of Medicine, New York

Dr. Felicia Eke	Port Harcourt
Dr. Odetola Odetunde	Enugu
Dr. Adanze Asinobi	Ibadan
Dr. Ifeoma Anochie	Port Harcourt
Dr. Adebowale Ademola	Ibadan
Dr. Hamed Oguntola	Abuja
Dr. Janet Akinmoladun	Ibadan

Susan Samuel

**PAEDIATRIC NEPHROLOGIST
CALGARY, CANADA**

Dr. Susan Samuel is a Professor in the Departments of Pediatrics and Community Health Sciences at the University of Calgary's Cumming School of Medicine, and a member of the Alberta Children's Hospital Research Institute and the O'Brien Institute of Public Health. She holds a Tier 1 Canada Research Chair in Precision Medicine and Data Science in Child Health. She received her undergraduate medical degree from the University of British Columbia, and completed postgraduate medical training in pediatrics and nephrology at SickKids Hospital in Toronto. She has a MSc in Clinical Epidemiology from the Institute of Health Policy Management and Evaluation at the University of Toronto.

She is passionate about mentoring and guiding clinicians towards academic and scientific careers. In her role as Director of the ENRICH (Empowering Next-generation Researchers In perinatal and Child Health) health research training platform, she is helping scholars establish successful careers in perinatal and child health research.

JULIAN MIDGLEY

**PAEDIATRIC NEPHROLOGIST
CALGARY, CANADA**

Dr. Julian Midgley is a Professor in the Department of Pediatrics at the University of Calgary's Cumming School of Medicine, the past Chief of Paediatric Nephrology at the Alberta Children's Hospital, a past president of the Kidney Foundation of Canada and a past council member of IPNA. Dr. Midgley's medical training began in the UK at Cambridge and Oxford Universities. He continued his paediatric training in various hospitals in the UK before specializing in paediatric nephrology at Guy's Hospital in London and The Hospital for Sick Children (SickKids) in Toronto. He has worked at the Alberta Children's Hospital since 1994 when he was recruited as their first paediatric nephrologist and began developing a complete paediatric service for the Southern Alberta Renal Program.

LORRAINE HAMIWKA

**PAEDIATRIC NEPHROLOGIST
CALGARY, CANADA**

Dr. Hamiwka is an Associate Professor at the University of Calgary. She is the Director of the Pediatric Kidney Transplant Program and founded a "Young Adult Kidney Transplant Clinic" to help improve young adult kidney transplant recipients' healthcare experience when transitioning from pediatric to adult healthcare. She is also an Executive Member of the Southern Alberta Transplant Program. She is Past Chair of the Pediatric Group of the Canadian Society of Transplantation (CST). Dr. Hamiwka is a co-lead for the Canadian Donation and Transplantation Research Program Theme 2, working to bring together researchers, patient and family donor partners and trainees to promote research in donation and transplantation. Her research interests in pediatric transplantation include long-term outcomes, quality of life and patient education with ongoing collaborations in national multi-center transplant research projects. She is the current education Program Director of the Vasculitis Fellowships in Pediatric Nephrology and Rheumatology at the Alberta Children's Hospital.

KIM REIDY

**PAEDIATRIC NEPHROLOGIST
NEW YORK, USA**

Dr. Kim Reidy is an Associate Professor and Chief of the Division of Pediatric Nephrology at the Children's Hospital at Montefiore (CHAM)/Albert Einstein College of Medicine in the Bronx, New York. She received her undergraduate education at Princeton University, graduating cum laude with a degree in Chemistry. After graduating with Alpha Omega Alpha honors from medical school at Einstein, she completed her Pediatric residency at Columbia Presbyterian Children's Hospital of New York. She completed an NIH T32 supported Pediatric Nephrology fellowship at CHAM/Einstein, and joined the faculty in 2008. She is actively involved in clinical, translational and bench research. Her lab's current NIH R01 funded research is focused on developmental signaling pathways that affect kidney epithelial repair and fibrosis. She is also a multiPI for an R01 funded study of potassium citrate on bone health in adults and children with CKD, and is site PI for the Cure Glomerulonephropathy (Cure GN) and co-Chair of the Pediatric Working Group for Nephrotic Syndrome Study Network (Neptune).
