

2024 Miami Pediatric Nephrology Seminar

Celebrating 50 Years

#MiamiPedNephSem

Sustaining the Specialty: Honoring the Past and Promoting the Future *March 15 - 17, 2024*

Program Schedule

| Sessions | Times | Details |
|--|----------------|--|
| Friday, March 15, 2024 | | |
| Opening Remarks and Welcome | 8:00 – 8:10 AM | |
| Setting the stage: Past, Present and Future | 8:10-10:00 AM | Moderators: Frederick Kaskel, M.D., PhD and Larry Greenbaum, M.D., PhD |
| The Specialty of Pediatric Nephrology: Then, Now and Forever! | 8:10-8:30 | Frederick Kaskel, MD, PhD |
| An Approach to Complement Mediated Disease in Children | 8:30-8:50 | Bradley Dixon, M.D., M.S. |
| Challenging Sodium Disorders | 8:50-9:10 | Larry Greenbaum, M.D., PhD |
| APOL 1 Disease in Children | 9:10-9:30 | Kimberly Reidy, M.D. |
| Panel Discussion | 9:30-10:00 | |
| Break | 10:00-10:10 AM | |
| Building a Career in Pediatric Nephrology | 10:10-12:00 | Moderators: John Mahan, MD and Maria Diaz-Gonzalez de Ferris, MD, PhD |
| Should we develop a National Curriculum? | 10:10-10:30 | John Mahan, MD |
| Moving Toward Fair Compensation in Pediatric Nephrology | 10:30-10:50 | Darcy Weidemann, M.D. |
| Transitioning to Adult Care: Seeking the Good Life | 10:50-11:10 | Maria Diaz-Gonzalez de Ferris, M.D., PhD |
| Eliminating Implicit Bias in Fellowship Training | 11:10-11:30 | Ray Bignall, M.D. |
| Panel Discussion | 11:30-12:00 | |
| Sponsored Lunch | 12:00-1:00 PM | Speaker: Dr. Rupesh Raina |
| Contemporary Approach to Pediatric Kidney Disease | 1:00-4:00 PM | Moderators: Friedhelm Hildebrandt, M.D. and Mark Mitsneref, M.D., M.S. |
| Genetics of CAKUT | 1:00-1:20 | Friedhelm Hildebrandt, MD |
| Childhood Nephrotic Syndrome: Mysteries & Mechanisms | 1:20-1.40 | Matthew Sampson, M.D., MSCE |
| Cardiovascular and CKD Risk in Obese Children | 1.40-2.00 | Mark Mitsneref, MD, MS |
| Prenatal Counseling for Fetal GU anomalies: Developing a Program and Developing a Treatment Paradigm | 2:00-2.30 | Chryso Katsoufis, MD Rodrigo Ruano, M.D., PhD |
| Panel Discussion | 2.30-3.00 | |
| Break | 3:00-3.30 | |
| Clinicopathologic Correlations | 3.30-5:00 PM | Wacharee Seeherunvong, M.D. Yiqin Zuo, MD, PhD |

2024 Miami Pediatric Nephrology Seminar | March 15-17

Program Schedule

SATURDAY, MARCH 16, 2024

| | | |
|--|----------------|--|
| Saturday, March 16, 2024 | 8:00 AM-12PM | |
| Pediatric Hypertension and Glomerular Disease | 8:00-10:00 | Moderators: William Smoyer, M.D. Joseph Flynn, M.D. |
| Nephrotic Syndrome – From ISKDC to More Complexity | 8:00-8:30 | William Smoyer, MD Gabriel Cara Fuentes, M.D. |
| Blood Pressure in Adolescence and Adult Cardiovascular Risk | 8:30-8:50 | Joseph Flynn, MD, MS |
| How do Perinatal Events Affect Blood Pressure in Childhood? | 8:50-9:10 | Julie Ingelfinger, MD |
| Management of Obstructive Sleep Apnea for Hypertension in Children | 9:10-9:30 | Ignacio Tapia, MD, MS |
| Panel Discussion | 9:30-9:50 | |
| Break | 9:50-10:00 | |
| Developmental Nephrology | 10:00-12:00 | Moderators: Julie Ingelfinger, M.D Susan Furth, M.D., PhD |
| Unraveling Metabolic Bone Disease During Growth | 10:00-10:20 | Isidro Salusky, M.D. |
| Journey of the Nephron from Embryo to Senescence: An Evolutionary Odyssey | 10:20-10:40 | Robert Chevalier, M.D. |
| Perinatal Oxidative Stress and Nephrogenesis | 10:40-11:00 | Marissa Defreitas, MD, MS |
| Panel Discussion | 11:00-11:20 | |
| Break | | |
| Golden Anniversary of the Miami Pediatric Nephrology Seminar The Legacy | 11.30-12.00 PM | Gastón Zilleruelo, MD |
| Lunch with the Professors | 12:00-1:00 PM | |
| Advances in Pediatric Transplantation | 1:00-3:30 | Moderators: Alex Constantinescu, M.D. Jayanthi Chandar, M.D., MS |
| How can we Improve Long-term Kidney Transplant Survival? | 1:00-1:20 | Priya Verghese, MD, MPH |
| Transplantation as a Platform to Study Recurrent Disease | 1:20-1.40 | Burke, George, MD |
| Kidney and Multi-organ Transplantation in Children | 1.40-2:00 | Vikas Dharnidharka, MD, MPH |
| Long Term Care of a Transplant Recipient | 2:00-2.20 | Roshan George, M.D. |
| Pediatric Kidney Transplantation: Is There Room for Improvement and/or Innovation? | 2.20-2.40 | Gaetano Ciancio, MD, MBA |
| Panel Discussion | 2.40-3.10 | |
| Break | | |
| Young Investigator's Showcase | 3.30-5.00 | Moderators: Susan Furth, MD, PhD & William Smoyer MD |
| Oral and Virtual Poster Presentations | | Fellows and junior faculty presentations |
| Cocktail Reception | 5:30-7:30 PM | All participants |

SUNDAY, MARCH 17, 2024

| | | |
|---|---------------|--|
| Sunday, March 17, 2024 | | |
| Heroes in Pediatric Nephrology: Global Partnerships | 8:30-12:00 AM | Moderators: Gaston Zilleruelo, MD Michael Freundlich, MD |
| Point of Care Ultrasound for the Pediatric Nephrologist | 8:30-9:00 | Sidharth Sethi, MD/ Juan Infante, M.D. |
| Successes and challenges in the World's Low-income Regions in Managing Kidney Disease in Children | 9:00-9:30 | Mignon McCulloch, MBBS, DCH/ Tim Bunchman, M.D. |
| Role of ALANEPE in Latin American Pediatric Nephrology | 9:30-10:00 | Francisco Cano, MD |
| Cell-based Therapies in Kidney Disease | 10:00-10:30 | Guido Filler, MD, PhD |
| Artificial Intelligence (AI): Getting to Know You! | 10:30-11:00 | Rupesh Raina, MD/ Arwa Nada, M.D. |
| Bringing Family Voices to Pediatric Nephrology Care | 11:00-11:30 | Michelle Starr, MD/ Michele Sasso, MBA |
| ANNOUNCEMENTS & CONCLUDING REMARKS | 11:30-12:00 | |

GUEST FACULTY

Uri S. Alon, M.D.

Professor Emeritus of Pediatrics, Division of Pediatric Nephrology, Children's Mercy Hospital, University of Missouri, Kansas City, MO

O. N. Ray Bignall II, MD, FAAP, FASN

Chief Diversity and Health Equity Officer, Nationwide Children's Hospital Director, Kidney Health Advocacy and Community Engagement (KHACE), Associate Professor of Clinical Pediatrics
The Ohio State University College of Medicine

Timothy Bunchman, M.D.

Professor and Chief, Division of Pediatric Nephrology, Children's Hospital Richmond at Virginia Commonwealth University, Richmond, VA

Francisco Cano, M.D.

Profesor Titular, Departamento Pediatría y Cirugía Infantil Oriente Facultad de Medicina Universidad de Chile
Coordinador Programa Diálisis Peritoneal
Unidad de Nefrología Infantil Servicio de Pediatría
Hospital Luis Calvo Mackenna, Santiago, Chile

Gabriel Cara-Fuentes, MD., PhD

Assistant Professor, Ohio State University, Pediatric Nephrology, Nationwide Children's Hospital, Columbus, OH

Robert L. Chevalier, MD, FAAP, FASN

Harrison Distinguished Professor of Pediatrics Emeritus, University of Virginia, Charlottesville, VA

Vikas Dharnidharka, M.D., MPH

Alexis F. Hartmann, Sr., MD, Endowed Professor of Pediatrics, Vice chair for clinical investigation, Professor, Chief, Division of Pediatric Nephrology, Hypertension and Apheresis, Washington University School of Medicine, & St. Louis Children's Hospital

Bradley Dixon, MD

Associate Professor, Chief of Pediatric Nephrology, University of Colorado Anschutz Medical Campus, Aurora, CO

Maria E. Diaz- Gonzalez de Ferris, MD, MPH, PhD

Professor, General Pediatrics, and Adolescent Medicine, UNC School of Medicine, Chapel Hill, NC

Guido Filler, MD, PhD, FRCPC

Professor of Pediatrics, Pathology & Laboratory Medicine, Western University Children's Hospital, London Health Sciences Centre, Ontario

Joseph T. Flynn, M.D., MS

Dr. Robert O. Hickman Endowed Chair in Pediatric Nephrology, Professor of Pediatrics, University of Washington, Editor-in-Chief, Pediatric Nephrology, Division head, Nephrology Seattle Children's Hospital

Susan L. Furth, M.D., PhD

Executive Vice President & Chief Scientific Officer, Edmond F. Notebaert Endowed Chair in Pediatric Research, Children's Hospital of Philadelphia, Professor of Pediatrics and Epidemiology, Perelman School of Medicine

Ewa Elenberg, M.D., MEd

Renal Education, Associate Professor, Renal Section, Department of Pediatrics, Baylor College of Medicine, Texas Children's Hospital, Houston, TX

Roshan P. George, M.D, FAST

Associate Professor, Division of Pediatric Nephrology, Program Director, Pediatric Nephrology Fellowship, Director, Renal Transplant Transition Program, Emory University and Children's Healthcare of Atlanta, GA

Larry Greenbaum, M.D., PhD, FAAP

Marcus Professor of Pediatrics, Chief, Division of Pediatric Nephrology Emory School of Medicine, Director, Children's Physician Group, Children's Healthcare of Atlanta, GA

Friedhelm Hildebrandt, M.D.

William E. Harmon Professor of Pediatrics, Harvard Medical School, Chief, Division of Nephrology, Boston Children's Hospital, Boston, MA

Julie R. Ingelfinger, M.D.

Professor of Pediatrics Harvard Medical School, Senior Consultant in Pediatric Nephrology, Massachusetts General Hospital, Boston, MA

Frederick J. Kaskel, M.D., PhD, FAAP, FASN

Chief Emeritus, Nephrology, Professor of Pediatrics
Children's Hospital at Montefiore, Division of Pediatric Nephrology, Bronx, NY

Craig B Langman, M.D.

Emeritus Professor of Pediatrics, Feinberg School of Medicine Northwestern University, The First Issac Abt Professor of Kidney Diseases, Emeritus, Chicago, IL

John D. Mahan, M.D.

Professor of Pediatrics, Ohio State University, Program Director Pediatric Residency and Pediatric Nephrology Fellowship Programs, Nationwide Children's Hospital, Columbus, OH

Mignon McCulloch, M.D.

Associate Professor & Pediatric Nephrologist, Red Cross Children's Hospital, University of Cape Town, South Africa

Mark M. Mitsnefes, M.D., MS

Professor of Pediatrics, Division of Nephrology and Hypertension, Program Director Clinical Translational Research Center, Cincinnati Children's Hospital, OH

Arwa Nada, M.D.

Associate Professor of Pediatrics, Pediatric Nephrology Fellowship Program Director, Le Bonheur Children's Hospital and St. Jude Research Hospital, University of Tennessee Health Science Center, Memphis, TN

Rupesh Raina, M.D., FACP, FAAP

Associate Professor of Internal Medicine and Pediatrics, Northeast Ohio Medical University, Nephrologist, Cleveland Clinic Akron General Medical Center and Akron Children's Hospital, Akron, OH

William E. Smoyer, M.D.

C. Robert Kidder Chair Vice President, Clinical and Translational Research, Director Center for Clinical and Translational Research. The Research Institute at Nationwide Children's Hospital, Columbus, OH

Kimberly J. Reidy, M.D.

Chief, Division of Pediatric Nephrology, Associate Professor Pediatric Nephrology, Children's Hospital at Montefiore, Albert Einstein College of Medicine, Bronx, NY

Isidro B. Salusky, MD

Distinguished Professor of Pediatrics at the David Geffen School of Medicine, UCLA, Chief of Pediatric Nephrology and Director of the Pediatric Dialysis Program, Los Angeles, CA

Matthew Sampson MD, MS

Attending, Division of Nephrology, Boston Children's Hospital, Associate Professor of Pediatrics, Harvard Medical School, PI Sampson Lab for Kidney Genomics, Boston, MA

Michele Sasso, B.S., MBA

Senior Director, Department of Accountable Care and Clinical Integration, Boston Children's Hospital, Boston, MA

Sidharth Kumar Sethi, M.D., MBBS

Senior Consultant, Pediatric Nephrology and Pediatric Renal Transplant Medicine, Urology & Nephrology, Medanta, The Medicity, India

William E. Smoyer, M.D.

C. Robert Kidder Chair Vice President, Clinical and Translational Research, Director Center for Clinical and Translational Research. The Research Institute at Nationwide Children's Hospital, Columbus, OH

Michelle Starr, M.D., MPH

Assistant Professor of Pediatrics, Pediatric Nephrology, Indiana University School of Medicine, Indianapolis, IN

Priya Verghese, M.D., MPH

Division Head, Nephrology, Medical Director of Pediatric Kidney Transplant, Lurie Children's Hospital, Isaac A. Abt, M.D. Professor of Pediatrics, Northwestern University Feinberg School of Medicine, Chicago, IL

Darcy K. Weidemann, M.D., MHS

Associate Professor of Pediatrics, University of Missouri-Kansas City School of Medicine. Children's Mercy Hospital, Kansas City, MO

LOCAL FACULTY

Carolyn Abitbol, M.D.

UM Professor of Pediatrics, Division
Chief and Fellowship Program
Director,
Co-Chair Pediatric Nephrology
Seminar

George Burke III, M.D.

UM Professor of Surgery
Division of Transplant Surgery
Miami Transplant Institute

Jayanthi Chandar, M.D., MS

UM Professor of Clinical Pediatrics
Medical Director Pediatric Kidney
Transplant
Co-Chair Pediatric Nephrology
Seminar

Gaetano Ciancio, M.D., MBA

UM Professor of Surgery and Urology,
Division of Transplant Surgery
Miami Transplant Institute

Alex R. Constantinescu, M.D.

Medical Director of the Pediatric
Nephrology and Hypertension
Program, Pediatric Dialysis, and
Pediatric Kidney Transplantation,
Joe DiMaggio Children's Hospital

Carlos Cuervo, M.D.

UM Voluntary Assistant Professor of Pediatrics,
Division of Pediatric Nephrology

Marissa DeFreitas, M.D.

UM Associate Professor of Clinical Pediatrics,
Division of Pediatric Nephrology

Michael Freundlich, M.D.

UM Professor Emeritus of Clinical Pediatrics,
Division of Pediatric Nephrology

Wendy Glaberson, M.D.

UM Voluntary Assistant Professor of Pediatrics
Division of Pediatrics & Pediatric Nephrology

Juan Infante, M.D.

Voluntary Assistant Professor of Radiology,
Department of Radiology
Nicklaus Children's Hospital

Chryso Katsoufis, M.D.

UM Associate Professor of Clinical Pediatrics,
Division of Pediatric Nephrology
Medical Director of Pediatric Dialysis
Holtz Children's Hospital

Rodrigo Ruano, M.D., PhD

UM Professor and Chief Division of Maternal-Fetal
Medicine, Director of UH Jackson Fetal Care

Wacharee Seeherunvong, M.D.

UM Associate Professor of Clinical Pediatrics,
Associate Fellowship Program Director
Division of Pediatric Nephrology

Vaka Sigurjonsdottir, M.D.

UM Assistant Professor of Clinical Pediatrics
Division of Pediatric Nephrology

Ignacio Tapia, M.D., M.S.

UM Batchelor Professor of Pediatrics,
Chief of Pediatric Pulmonology and Sleep
Medicine,
Fellowship Program Director

Gastón E. Zilleruelo, M.D.

UM Professor Emeritus of Pediatrics, Emeritus
Chair, Pediatric Nephrology Seminar

Yiqin Zuo, M.D., PhD

UM Assistant Professor
Department of Pathology & Laboratory Medicine,
University of Miami

2024 Miami Pediatric Nephrology Seminar | March 15-17

Conference Details

PROGRAM DIRECTOR: Carolyn L. Abitbol, M.D.

ASSOCIATE PROGRAM DIRECTOR: Jayanthi Chandar, M.D., MS

FOUNDED BY: José Strauss, M.D.

COURSE DESCRIPTION The **Miami Pediatric Nephrology Seminar**, now in its 50th year, is a unique international gathering of pediatric and adult nephrologists, pediatricians, internists, general practitioners, renal pathologists, neonatologists, pediatric urologists, transplant surgeons, nurses, nutritionists, and allied health professionals from all over the United States and the world sponsored by the University of Miami, Leonard Miller School of Medicine and Holtz Children's Hospital at Jackson Memorial Hospital. The content is basic, the approach is clinical. Conceptual and practical problems are featured in a balance of formal presentations followed by informal discussions. Topics covered relate research advances to the understanding of mechanisms of renal disease, pathological expressions and clinical diagnosis and management. All registrants have opportunities to be involved in a dynamic exchange of information, experience, and insight. The 50th Anniversary Pediatric Nephrology Seminar will include a total of **10 Hybrid Sessions with live-streaming of all sessions from March 15-17, 2024** covering a wide range of topics including: Congenital Kidney Disease: Defining the Future, Ongoing Challenges in Diagnosis and Management, Transplant Challenges: Surmounting the Current Environment, Pediatric Nephrology as a Career Choice: Sustaining the Specialty, Young Investigators Showcase (Fellows & Recent Graduates Presentations), Heroes In Pediatric Nephrology: 2022-2023 Recognizing Our Global Partnerships. The Seminar will feature a number of distinguished local and guest faculty who will provide expertise and cordial exchanges including several panel discussions. As in previous years, we hope to secure funding for a limited number of grants for national and international attendees. Preference will be given to fellows and recent graduates in Pediatric Nephrology.

CONFERENCE LEARNING OBJECTIVES Upon completion of the course, attendees will be able to:

- Define the various etiologies and physiologic conditions relating to these subjects, select appropriate diagnostic procedures.
- Understand that which may occur because of the disease process or treatment and indicate appropriate therapy.
- Do basic or clinical research focused on pediatric nephrology challenges and will be stimulated by those knowledgeable about research issues and will be informed about support resources.
- Identify future research directions and new approaches and technologies that will eventually lead to a better understanding of these conditions and improved treatment prevention strategies.
- Recognize and contact the faculty who will serve as role models for future generations of Pediatric Nephrologists and serve to stimulate interest in this field as a career choice.

Upon completion of the Seminar, participants should be able to identify, formulate an individualized treatment plan and teach the rationale to fellows and young colleagues; recognize and assess reporting of kidney biopsies with a systematic approach in the diagnosis of medical renal diseases and updated classifications; identify racial bias and address implicit inequities in access to care; explore individualized treatment associated with pathological assessments, and analyze contemporary laboratory and immunologic data to understand and combat rejection and graft loss. Participants will develop an understanding and clinical approach to the assessment of a patient in the context of the life cycle from pre-conception to birth to neonatal, childhood and lifelong development and will have an important perspective of the wide variation in the global needs and access to care in Pediatric Nephrology. In addition, those able to do basic or clinical research focused on pediatric nephrology challenges, will be stimulated by those knowledgeable about research issues and be informed about support sources. It is anticipated that the exchanges of knowledge occurring during this meeting, will help identify future research directions and new approaches and technologies that will eventually lead to a better understanding of these conditions and improved treatment and prevention strategies. It is expected that the Faculty will serve as role models for future generations of Pediatric Nephrologists and serve to stimulate interest in this field as a career choice. The Pediatric Nephrology Seminars have successfully addressed for over 50 years the issues of selecting the best faculty speakers, formal lectures of short duration followed by panel discussions and case-based presentations. Informal exchanges throughout the meeting allow for clear improvement in the professional gaps of the intended audience. The faculty, format and educational design will allow learners to give better patient care with regards to early detection of kidney disease in children or its complications and a more evidence-based management of these conditions.

ACTIVITY EDUCATIONAL GOALS

Goals for the Scientific Conference/Seminar The purpose of the 50th Miami Pediatric Nephrology Seminar will be to review the current state/knowledge of selected relevant areas of research in Pediatric Nephrology with clinical practice implications. The specific aims of the proposed scientific Seminar are:

1. To review the current understanding of the diagnosis and management of various kidney disorders with a focus on clinical research, new developments in genetic approaches to inherited disorders, Clinico-pathologic correlations, concepts on neonatal nephrology and hypertension, in-depth review on selected glomerulopathies and progressive chronic kidney diseases, on-going challenges in critical care nephrology, dialysis, and transplantation.
2. To identify the most critical and promising areas for future basic and clinical research efforts regarding Pediatric Nephrology.
3. To recognize the needs and challenges regarding training and recruitment of young practitioners and physician scientists into the specialty with a focus on diversity, equity, and inclusion.
4. To highlight the impact and innovations required to cope with the global challenges in the practice of Pediatric Nephrology worldwide.
5. To provide an opportunity for the next generation of Pediatric Nephrologists to highlight their scientific and scholarly contributions in a congenial and nurturing environment and to develop a network for future collaborations and career development.

FACULTY DISCLOSURE AND CONFLICT OF INTEREST RESOLUTION

All conflicts of interest of any individual(s) in a position to control the content of this CME activity will be identified and resolved prior to this educational activity being provided. Disclosure about provider and faculty relationships, or the lack thereof, will be provided to learners. Target Audience: Pediatric and adult nephrologists, pediatricians, internists, general practitioners, renal pathologists, neonatologists, pediatric urologists, transplant surgeons, nurses, nutritionists, and allied health professionals.

ACCREDITATION

The University of Miami Leonard M. Miller School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT DESIGNATION

The University of Miami Leonard M. Miller School of Medicine designates this live activity for a maximum of 21 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity. This seminar has been planned and implemented in accordance with the essential areas and policies of the Florida Board of Nursing for Continuing Education Provider #50-2105. The University of Miami School of Nursing and Health Studies designates CEU credits for this live activity as well.

MIAMI BEACH SPRING BREAK RULES!!!

The City of Miami Beach has recently announced new laws and regulations regarding Spring Break which may affect the parking and access to our Seminar at the Royal Palm South Beach hotel. Please obtain full information at the following site: [Spring Break Safety Rules](#). Please note that there is only valet parking at the hotel which is \$42 per half-day and \$54 per whole day. All but 2 parking garages and all surface parking will be closed from 6AM Thursday to 6AM Monday March 14-18, 2024. The best option for parking for the Seminar is to park at one of the 2 open garages (G8 or G11). G11 is at the Convention Center parking which is at **2016 Washington Ave (0.5 miles from the hotel)** or **G8 at 401 Alton Road** which is 1.5 miles from the hotel. Both garages have reasonable fees at max \$20 per day. Also, please note restrictions in the Spring Break Traffic Plan. There is free trolley service that runs in a loop from 8AM to 11PM daily with extra trolleys planned during Spring Break.

Hotel Information

Royal Palm South Beach Miami

1545 Collins Avenue, Miami Beach, FL 33139
Tel: 888-236-2427 or (305) 604-5700

With an ideal South Beach locale, just north of world-famous Ocean Drive at 15th Street, Royal Palm South Beach Miami is an oceanfront resort situated within the coveted and culturally rich area of South Beach, Miami.

Royal Palm South Beach Miami pays homage to the original Royal Palm Hotel's rich history, keeping intact many signature elements of the original architect's design. The compass rose on the terrazzo lobby floor, original green glass reception desk and porthole windows in the lobby lounge have all been preserved and restored.

Our resort provides guests with a location offering direct beach and Miami boardwalk access and is immersed in luxury retail on Collins Ave., and only blocks from Lincoln Rd. and Espanola Way, offering endless entertainment and dining options.

Room rates apply three days prior to, during and three days after the Seminar. To book your stay, please visit our website at [Seminar Website](#)

ROOM RATES: US \$359.00 + US \$33.00
Resort Fee and 14% tax (meals not included).

Registration Fees

| | |
|---|-------------|
| Pediatric Nephrology Seminar (In-person)..... | US \$400.00 |
| Physicians in Training (except Grantees), Nurses and Allied Health Professionals* | US \$300.00 |
| ASPN Multidisciplinary Participants and IPNA and ALANEPE members..... | US \$100.00 |
| Virtual Live Sessions + Conference Recordings. | US \$75.00 |

For Additional Information, contact:

Department of Pediatrics
Division of Pediatric Nephrology
P.O. Box 016960 (M-714)
Miami, FL 33101
Tel: (305) 585-6726

Email: pediatricnephrology@med.miami.edu

Virtual Registration Virtual participants will be provided information to connect to each virtual session of the Seminar via Zoom

Registration

To register online, go to [Seminar Website](#) then scroll down to find the **Register Today** button.

There is also the opportunity to apply for a **registration grant** and submit an **abstract**.

Tuition includes admission to scientific sessions, as well as continental breakfasts for those attending in-person.

Special Requirements

If special arrangements are required for an individual with a disability to attend this conference, please contact Ashley Vann, (305) 585-6726 and the Royal Palm South Beach Miami 866-236-2427 or (305) 604- 5700 no later than March 13, 2024.

Registration Cancellation Policy

Refunds will be made only if written notice of cancellation is received prior to March 13, 2024. A US \$75.00 fee is charged to all refunds. After this date, no refunds will be made. In cases where a course is cancelled due to insufficient registrations, a full tuition refund will be made.
