Yong Loo Lin School of Medicine

# Joint 5<sup>th</sup> Primer in Paediatric Nephrology for Asia and 5<sup>th</sup> IPNA-AsPNA Master for Junior Classes “Stump the Fellows” Case-Based and Interactive Edition

*Brought to you by Children’s Kidney Center,  
National University Hospital, Singapore  
21- 23 August 2024*

Like our previous four editions, this course will comprise of an intensive 3-day teaching course with a focus on **Chronic Kidney Disease**, followed by a full-day **dialysis workshop** and a post-primer **hands-on** workshop on Point Of Care Ultrasound (**POCUS**). Target audience will be junior and established pediatric nephrologists and general paediatricians from the Asian countries.

*With the “Stump the Fellows” theme, we aim to have case-based lectures and multiple-choice questions within each lecture to bring out common pitfalls and important learning points.* The MCQ scores of each participant will be tracked and form part of the criteria for certification of completion of the Master for Junior Class.

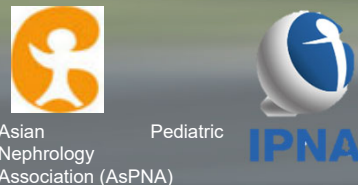

Come for:

- **Practical** teaching that helps **YOU** apply the **latest developments** to your patient
- World renowned **international faculty**
- Launch of fifth edition of **Paediatric Nephrology On-The-Go**
- Good food and **better company**- Meet fellow nephrologists in Asia and beyond
