

ARE YOUR KIDNEYS OK?

Detect early, protect kidney health

Join us to celebrate the
**WORLD KIDNEY DAY
(WKD) 2025**

**Increasing awareness
and promoting early
detection of pediatric
kidney diseases in
resource-limited
settings: A focus on
children with sickle
cell anemia living in
the DR Congo**

 **March 12-14, 2025**
 **Kinshasa, DRC**
