ARE YOU A DIALYSIS HEALTHCARE PROFESSIONAL?

Participate in a multinational research study to help strengthen disaster and emergency preparedness in kidney care!

In disasters and emergencies, **challenges** related to capacity assessment, resource sharing, relaying patient information, and communication are **reported**

We aim to develop **practical checklists and a toolkit** to support disaster preparedness

Your responses will help inform this work
Participate even if you have not been involved in a disaster or emergency setting.

ELIGIBILITY AND PARTICIPATION

If you are a:

- Doctor, nurse, trainee, social worker, pharmacist, technician, manager, or involved in dialysis
- 18 years and older
- Access to smart device

10-15 Minute Survey
Your perspective as a healthcare provider is all that is needed.
